* Trademark of Bell Laboratories.

This document was prepared with specific references to use of the UNIX system on a particular processor, the Western Electric 3B20S, which is not presently available except for internal use within the Bell System. However, the information contained herein is generally applicable to use of the UNIX system on various processors which are available in the general trade.

# GRAPHICS GUIDE

# UNIX SYSTEM

CONTENTS PAGE

1. INTRODUCTION . . . . . 5

2. OVERVIEW . . . . . 7

A. Part Introduction . . . . . 7

B. Usage . . . . . 7

Access . . . . . 7

Approach . . . . . 8

Numerical Manipulation and Plotting . . . . . 9

Drawings Built From Boxes . . . . . 12

3. STATISTICAL NETWORK . . . . . 15

A. Part Introduction . . . . . 15

B. Basic Concepts . . . . . 15

Transformers . . . . . 15

Summarizers . . . . . 16

Translators . . . . . 16

Generators . . . . . 16

Node Parameters . . . . . 17

Building Networks . . . . . 17

Vectors . . . . . 18

C. Node Descriptions . . . . . 18

Transformers . . . . . 18

CONTENTS PAGE

Summarizers . . . . . 20
Translators . . . . . 21
Generators . . . . . 24
D. Examples . . . . . 25
4. GRAPHICS EDITOR . . . . . 29
A. Part Introduction . . . . . 29
B. Commands . . . . . 29
Command Line . . . . . 29
Constructing Graphical Objects . . . . . 30
Editing Objects . . . . . 34
View Commands . . . . . 38
Other Commands . . . . . 39
Other Useful Information . . . . . 40
C. Command Summary . . . . . 40
Construct Commands . . . . . 40
Edit Commands . . . . . 40
View Commands . . . . . 40
Other Commands . . . . . 41
Options . . . . . 41
D. Examples . . . . . 42
5. ADMINISTRATIVE INFORMATION . . . . . 45
A. Part Introduction . . . . . 45
B. Graphics Structure . . . . . 45
C. Installing Graphics . . . . . 46
Usage . . . . . 46
Makefile Parameters . . . . . 47
